Washington, Oct. 27.—The only "election" in which a receipt is given for every vote.

That is the way the third Red Cross roll call has been described. Every person who joins the Red Cross during the roll call, Nov. 2 to 11, will be given a button and a window service flag. These indicate that that person has cast a vote of confidence in the American Red Cross.

The service flag is 7 1/2 by 11 1/2 inches and consists of a large red cross on a white background, with the figures "1920" in blue beneath the cross. Three blue stripes around the outer edge of the service flag indicate the three annual membership

# The Farmer

## And His Bank Account

The farmer, more so than any other business man, requires the services of a bank, if he manages his farm in a systematic way. While he has no need for a set of books in which to keep a record of every transaction made, yet, during the course of a year he must pay out large sums of money for various purposes and a record for future reference is highly important. Merchants may fail to give a receipt for cash, a neighbor may not recall the payment of money owed, but the farmer who pays his obligations by check has written evidence of such payments which any court must recognize. In the same way he has a record of moneys received by the deposit entries on his bank book.

To the farmer, who desires such a record for his business, we extend an invitation to open an account with this strong institution.
